What is Home Sharing?

Home Sharing with HIP is an innovative idea where homeowners offer spare rooms, or Accessory Dwelling Units, in their home for rent to home seekers searching for affordable, healthy and safe housing for longer than six months. We help both homeowners and home seekers through the process of finding a compatible match, free of charge.

HIP’s Montgomery County Home Sharing Program is supported by Montgomery County’s Department of Health & Human Services.

Benefits of Home Sharing

- Increases sense of security and reduces social isolation while aging in place
- Creates a new source of monthly income for homeowners
- Locates and screens compatible housemates, including the option to share light housekeeping chores or assistance with errands in exchange for reduced rent
- Creates an alternative affordable housing option in an expensive rental market
- Strengthens neighborhoods and builds community by offering an efficient use of existing housing stock that helps people remain in their homes, or find more affordable housing selections
